

13th September 2017

Dear Parents,

Due to the recent cuts and possible continued cuts in real terms in the Education budget from Central Government we are currently investigating alternative avenues of funding so we can continue to give the children at Lincewood Primary School the best resources and facilities. This also includes us being able to keep the current levels of staffing.

If any of you work for a company or organisation that provides bursars for community projects I would be very grateful if you could make contact with me with a view to bidding for a grant which we could use for a school project. We have been fortunate to have had some of these in the past and they have provided important additional funding for these.

If you have any other ideas or you know of any other channels of funding and grants that may be available to us I would be very keen to meet with you and discuss how we could access them.

Thank you for your anticipated support and attention in this matter.

Yours sincerely,

T. J. Eastwell
Headteacher
