

8<sup>th</sup> February 2018

Dear Parents,

We would like to take the Year 6 children for mathematics revision sessions for the National Tests in May on a Wednesday before school from 8.30 – 9.15am. This will start the first week after half term from February 21<sup>st</sup> and runs to May. The children will be told what group they are in. This session is not compulsory, but we feel the children would benefit from regular attendance, so please ensure they attend every week.

Thank you for your anticipated cooperation in this matter.

Yours sincerely,

T. J. Eastwell  
Headteacher
