Lincewood Primary School Homework

Grid   Summer 1   Year 6

Please do at least one activity from each section. Each piece of homework is worth 10 points. You will gain a silver certificate if by half term you have completed homework that adds up to 50 points; gold for 60 points.			
Literacy and communication	Write a letter to your new secondary school form tutor (it does not matter if you are not sure where you are going) to introduce yourself. Make yourself sound interesting and wonderful – because you are.	Choose your favourite story and write a sequel. Think about all the aspects that will make a good story.	Design a poster about how wonderful Lincewood Primary School is.
Maths and problem solving	During an Olympic Games many national flags are on display. Pick a flag and investigate some of the following: What shapes can you see in it? Can you describe them and their angles? Does the flag have any lines of reflective symmetry, if so how many lines? Can you find any pairs of parallel lines? If so mark them on your flag. Are there any lines perpendicular to one another? Can you find a way to classify the shapes in your flag? Now try with another flag.	In this field we could say, because of the number of animals there, that each cow can see 4 sheep and 3 (other) cows. This could be worded as follows "Each cow can see one more sheep than cows." There are obviously 4 sheep and 4 cows in the field as you see it. But here are some questions about different fields in which you have to find out how many sheep and cows there are in each field. In field number 1, each cow can see twice as many sheep as cows; each sheep can see the same number of sheep as cows, so how many cows and sheep are there? In field number 2, each cow can see three times as many sheep as cows; each sheep can see the same number of sheep as cows, so how many cows and sheep are there? In field number 3, each cow can see twice as many sheep as cows; each sheep can see one more sheep than cows, so how many cows and sheep are there? In field number 4, each cow can see twice as many sheep as cows; each sheep can see two more sheep than cows, so how many cows and sheep are there? In field number 5, each cow can see three times as many sheep as cows; each sheep can see twice as many sheep as cows, so how many cows and sheep are there?		
Topic	Find a photograph of a famous person and create a portrait in the style of Andy Warhol.	Research Big Cats or Wild dogs and create a poster which shows the similarities and differences between the different species.	
RE/PSHE	Create a weekly timetable of what you will do to keep yourself healthy in body and mind. Do not forget to include what you do in school and in clubs.	Imagine a pupil in Year 11. Write down 10 questions that you would like to ask them about life in secondary school	

These are your **weekly, key skills tasks** – you will need to complete the maths and literacy tasks every week. The dates are shown below.				
		Maths	GPS	Reading
Week 1	Friday 16.04.21	Targeted Question Book Multiplying with Decimals Pages 24 and 25	GPS Targeted Question Book Prefixes Pages 68 and 69	Get Reading Record signed 5 times
Week 2	Friday 23.04.21	Targeted Question Book More Decimals Pages 26 and 27	GPS Targeted Question Book Prefixes Pages 70 and 71	Get Reading Record signed 5 times
Week 3	Friday 30.04.21	Targeted Question Book Fractions, Decimals and Percentages Pages 28 and 29		Reading Targeted Question Book Working in the Warehouse Pt 1 Pages 6 and 7
Week 4	Friday 07.05.21	Part Arithmetic Paper		Reading Targeted Question Book Working in the Warehouse Pt 1 Pages 8 and 9
Week 5	Friday 14.05.21	Part Arithmetic Paper	GPS Targeted Question Book Subject and Object Pages 22 and 23	Get Reading Record signed 5 times
Week 6	Friday 21.05.21	Targeted Question Book Coordinates Pages 66 and 67	GPS Targeted Question Book Word endings 'ant' and 'ent' Pages 78 and 79	Get Reading Record signed 5 times
Week 7	28.05.21	Targeted Question Book Reflection and Translation Pages 68 and 69		Book Review

Please chat with an adult at home about which activities on this side of the grid you feel you might need to practise again. Take some time during the week to have another try at securing your knowledge and understanding. You can choose how you do this but please let us know how you get on.
Thank you.
Please note that you can only get a certificate if the tasks on this side of the paper are signed by an adult.
